V 2

 **ACURA**  
PRECISION CRAFTED PERFORMANCE

## **/1.0/ INTRODUCTION**

This style guide has been created to maintain a unified brand identity for the Acura Automobile Division. In the following sections, you will find details regarding how to use the logos (including minimum sizes and safe areas), color, and typefaces. This also includes the Season of Performance Event guidelines.

## /2.0/ BRAND SIGNATURE

Consistent use of these logos according to the following guidelines will help reinforce the Acura image and strengthen the brand.

The Acura Precision Crafted Performance Signature should, where possible, be the primary signature for all outbound consumer-facing communications that promote the brand and brand image; this includes advertising and communications. Precision Crafted Performance can be applied to any promotional piece that is consistent with the Acura brand and reflects the brand direction of Precision Crafted Performance.

Precision Crafted Performance should not be used when it does not appear easy to read or would be distorted. Please see the legibility section for specific usage related to logo size.

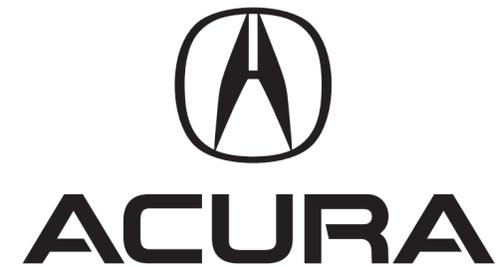

Primary Precision Crafted Performance Signature

Secondary Precision Crafted Performance Signature

The Secondary Signature is designated for use when it is not possible to use the primary Precision Crafted Performance Signature due to vertical space limitations.

Vertical Signature Alt

This version of the brand signature may be used when space requirements are below the minimum for Primary Precision Crafted Performance Signatures.

Horizontal Signature Alt

This version of the brand signature may be used when space requirements are below the minimum for Secondary Precision Crafted Performance Signatures.

## **/3.0/ WSE LOCKUPS**

This is the official Acura Season of Performance Event (WSE) lockup for 2016.

PRIMARY:

### Primary WSE Lockup

Always use this stacked configuration where space allows. Where space does not allow, use the alternate lockups.

Primary Lockup

\*WSE Header

\*Acura Brand Signature must still be present in the layout

/3.1/ LOCKUP VARIATIONS

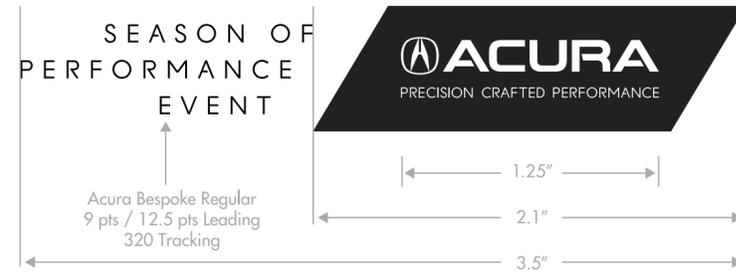

It is important that the Season of Performance Event lockup stay consistent. The WSE lockup should not be used when minimum size requirements are not met. In the case that the WSE primary lockup can not be used, please be sure that the WSE header and Acura Brand Signature are present within the layout. Additionally, the WSE header may be used as a headline independent of the Acura Brand Signature.

The Acura Brand Signature does not meet the minimum size requirements for mobile and should be replaced with an alternate signature.

The WSE lockups placement and ratio should stay consistent throughout creative.

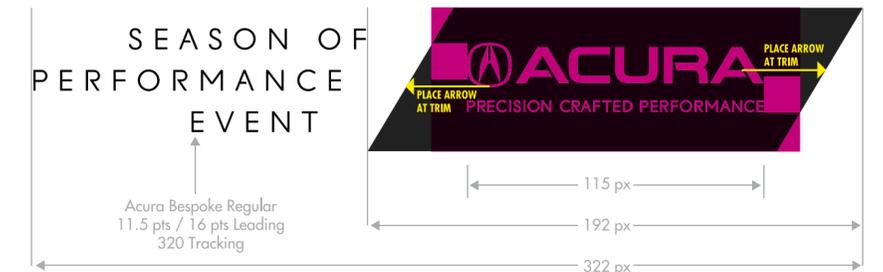

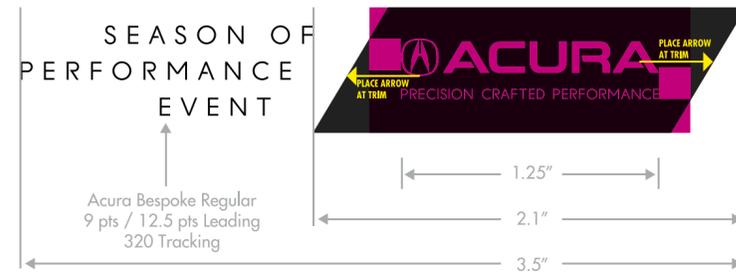

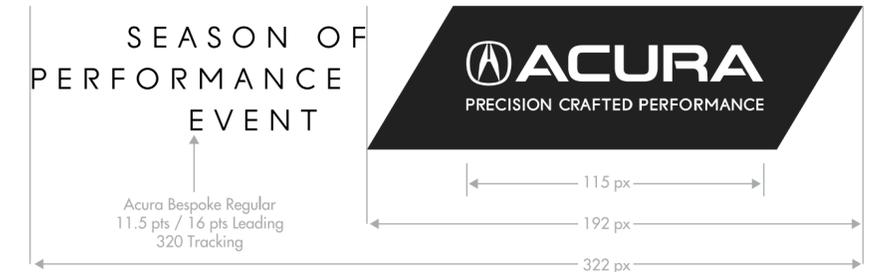

## /3.2/ SIZE REQUIREMENTS

### Print Minimum

### Web Minimum

When digital Precision Crafted Performance logo appears at sizes between 115px-199px, use the digital optimized version.

### /3.3/ BROADCAST BILLBOARD REQUIREMENTS

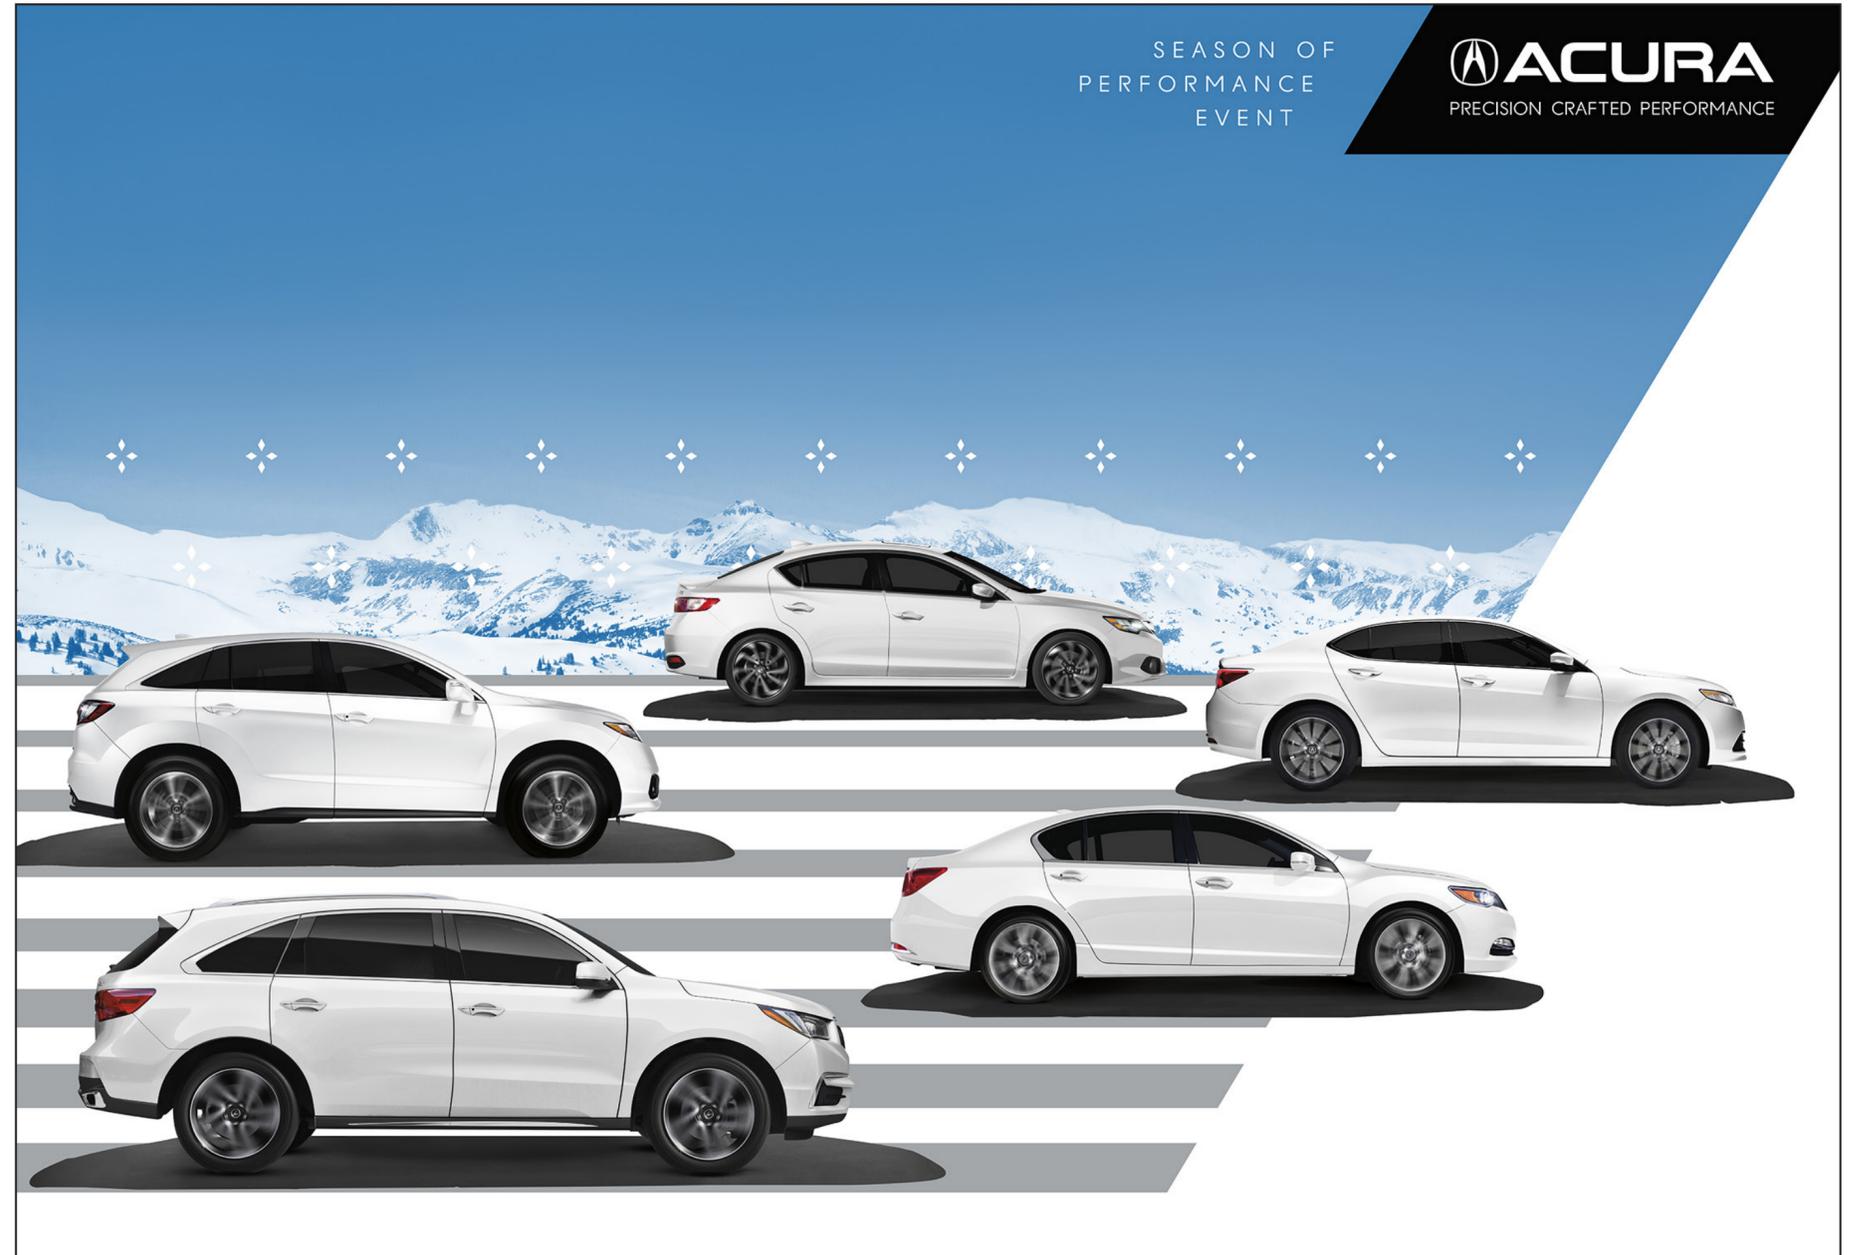

When using the broadcast lockup be sure that the ratio stays consistent. Broadcast type requires that Acura Bespoke Regular is used for type to be legible.

# PACK SHOT

## STONE/SETTING

Our pack shot will display our lineup of all sedans and SUVs. Graphics will create a sense of urgency by demonstrating how the high performance of Acura's vehicles will help you make the most of your winter.
