What is Added Security[®]?

Added Security[®] is the only mechanical breakdown coverage backed by Subaru of America, Inc. Because almost every Subaru includes highly advanced, complex systems such as EyeSight[®] Driver Assist Technology, it's important to consider our Gold Plus plan because it covers all of the intricate components that can be very expensive to replace.

With all plans, if a covered component breaks, our certified Subaru technicians will fix it using only new or remanufactured Genuine Subaru Parts. Unlike third-party plans, Added Security also covers wear and tear of covered components, consequential damage to other components, struts, constant-velocity joints and many more parts.

Third-party agreements are designed to be profitable to the seller, but Subaru stands behind Added Security[®] because our goal is for you to have the best ownership experience possible.

There are two main plans:

Classic Plan: Covers most major components

Gold Plus Plan: Covers almost every other component in your vehicle. See the back cover for a partial list of covered components.

All Plans include:

Towing Allowance

All plans provide an allowance if you need a tow due to a covered failure.

Rental Car Allowance

All plans provide an allowance for up to five days if your Subaru needs to be kept in the shop overnight for a covered repair.

The Gold Plus Plan also includes:

Trip Interruption Allowance

The Gold Plus Plan provides coverage of up to \$500, per occurrence, towards your hotel and meals if you break down. While most third-party plans require the breakdown to be more than 100 miles from home, the Gold Plus Plan offers coverage at more than 50 miles.

Maintenance Plans

You can lock in the cost of regularly scheduled maintenance by including one of our Maintenance Plans when you purchase your Subaru. Simply select the plan that aligns with your vehicle's recommended maintenance schedule. Also, every new-car Added Security Maintenance Plan includes a coupon worth \$500 towards the purchase of your next new Subaru.
